

## Project Development Phase Model Performance Test

|               |                                                |
|---------------|------------------------------------------------|
| Date          | 03 October 2026                                |
| Team ID       | SWTID-2026-1951                                |
| Project Name  | Implement Client Script & UI Policy (Incident) |
| Maximum Marks |                                                |

### Model Performance Testing:

Project team shall fill the following information in model performance testing template.

| S.No. | Parameter                             | Values                                                                                                                                                                                                                                                                                     | Screenshot                                                                            |
|-------|---------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
| 1.    | Model Summary                         | <p>ServiceNow Incident form setup using UI Policies and Client Scripts (onChange, onSubmit, onCellEdit) to guide users and stop invalid data.</p> <p><b>Note :</b> Invalid data is stopped at the correct event (on save or inline edit) with a message; valid data is saved normally.</p> |   |
| 2.    | Accuracy                              | <p>Training Accuracy - Not applicable</p> <p>Validation Accuracy - Not applicable (rule-based, no model)</p>                                                                                                                                                                               |  |
| 3.    | Confidence Score (Only Yolo Projects) | <p>Class Detected - Not applicable (not a YOLO project)</p> <p>Confidence Score - Not applicable</p>                                                                                                                                                                                       |  |
